MRWPCA Liquid Waste Hauler Discharge Permit Application Process

You will find enclosed the following documents for your completion and/or information pertaining to receiving a Liquid Waste Hauler Discharge Permit from our Agency:

1. MRWPCA Ordinance No. 2008-01
2. MRWPCA Ordinance No. 88-3 (as amended by MRWPCA Ordinance No. 93-01)
3. Liquid Waste Hauler Discharge Permit Application
4. Liquid Waste Hauler Informational Sheet. Please note the new receiving hours, which are different than those listed in the Ordinance.
5. A list of the chemical deodorants acceptable at the Regional Treatment Plant.
6. A copy of the most recent Information Bulletin.

The discharge fee for chemical toilets and septic tanks is four (4) cents a gallon. Oily waste, grease, and "special" loads are eleven (11) cents a gallon. We bill your company based on the actual gallons of liquid waste discharged at our plant and not on the full capacity of your truck. In addition to our Liquid Waste Hauler Discharge Permit Application, we will also need:

- \$1,000.00 binder fee. This fee is refundable once we receive notice in writing from your company that you no longer will be discharging liquid waste at MRWPCA and wish to close your account.
- \$100.00 permit fee. This fee is an annual fee therefore you will be billed once per year.
- Certificate of Automobile Insurance with coverage limits met. Be sure to list MRWPCA, PO Box 1790, Marina, CA 93933-1790 as Additional Insured with your insurance company.
- Certificate of Workers Compensation Insurance.
- Certificate of General Liability Insurance with coverage limits met.
- Material Safety Data Sheet (MSDS) for any chemical deodorants your company uses.
- The following Monterey County Division of Environmental Health document: a copy of your Non-Hazardous Liquid Waste Vehicle Inspection Form.

Please remit your payment to MRWPCA and send your completed application and documents mentioned above to MRWPCA, Attn: Erica Lecce, PO Box 1790, Marina, California, 93933-1790. If you have any questions with the liquid waste hauler discharge permit application process you may contact Erica Lecce at (831) 883-6109.
