

Monterey Regional Water Pollution Control Agency

"A Regional Provider of Wastewater
Treatment and Recycled Water"

Neighborhood Alert

Construction Work is Planned for Your Neighborhood July 12 - 15

Why is this work necessary? The emergency generator needs to be replaced at the sewage pumping station located on Ocean View Blvd at Fountain St., Pacific Grove. The new generator will run cleaner and be better for air quality than the engine in the existing generator.

How long will it take? 4 days from Tuesday, July 12 through Friday, July 15.

What time of day will work occur? 8 AM - 5 PM.

How will this impact traffic? Expect delays of 5 minutes or less only on July 12 as we position equipment into the station.

Will the road be closed?

There are no planned road closures.
