

Instructions for Public Access to GeoTracker Reports Pure Water Monterey: WDR100039680

For general assistance in searching or utilizing the State Water Resources Control Board's GeoTracker database, please contact:

GeoTracker Help Desk

Email: geotracker@waterboards.ca.gov

Phone: 1-866-480-1028

- Navigate to GeoTracker: <https://geotracker.waterboards.ca.gov/>
- Search WDR100039680

The screenshot shows the GeoTracker website interface. At the top left is the CA.GOV logo. The main header features the text "STATE WATER RESOURCES CONTROL BOARD" above the "GEOTRACKER" logo. A navigation bar includes links for "Tools", "Reports", "UST Case Closures", and "Information", along with a home icon and a search icon. Below the navigation bar is a search bar with the placeholder text "Search GeoTracker" and a magnifying glass icon. The main content area has a heading "GeoTracker" followed by a paragraph: "GeoTracker is the Water Boards' data management system for sites that impact, or have the potential to impact, water quality in California, with emphasis on groundwater. GeoTracker contains records for sites that require cleanup, such as Leaking Underground Storage Tank (LUST) Sites, Department of Defense Sites, and Cleanup Program Sites. GeoTracker also contains records for various unregulated projects as well as permitted facilities including: Irrigated Lands, Oil and Gas production, operating Permitted USTs, and Land Disposal Sites." Below this is another paragraph: "GeoTracker portals retrieve records and view integrated data sets from multiple State Water Board programs and other agencies. Users can view these data through a Google Maps GIS interface." At the bottom of the page, there are links for "Back to Top", "Conditions of Use", "Privacy Policy", "Accessibility", and "Contact Us", followed by the copyright notice "Copyright © 2021 State of California".

GeoTracker

GeoTracker is the Water Boards' data management system for sites that impact, or have the potential to impact, water quality in California, with emphasis on groundwater. GeoTracker contains records for sites that require cleanup, such as Leaking Underground Storage Tank (LUST) Sites, Department of Defense Sites, and Cleanup Program Sites. GeoTracker also contains records for various unregulated projects as well as permitted facilities including: Irrigated Lands, Oil and Gas production, operating Permitted USTs, and Land Disposal Sites.

GeoTracker portals retrieve records and view integrated data sets from multiple State Water Board programs and other agencies. Users can view these data through a Google Maps GIS interface.
